

# ***New 20 thou, Screen Printed Rental car Bodies***

# **JK Products**

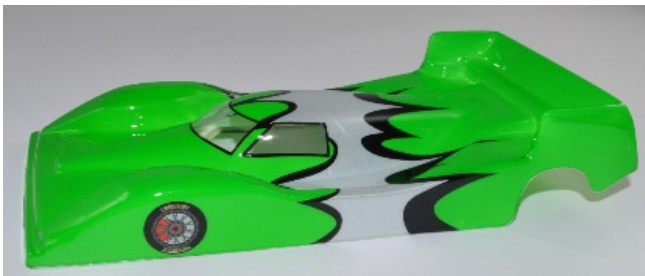

A range of 20thou lexan bodies which feature a screen printed finish. These bodies are finished in stunning color schemes which match lane colors, so allowing easy lane identification without the need for lane stickers. The Screen printed finish stays on the body and is far more durable than traditional paint finishes, so bodies last much longer and continue to look great for your customers. The 20 thou lexan also helps to prevent guide flag damage and minimize car maintenance. All bodies in this range come trimmed and taped, complete with front wheel stickers, ready to mount on your fleet of house cars. \$19.95 each
